Minutes of a Special Emergency Meeting of the Town Board of Health held at the Town Clerks Office March 21 1902

J. O'Farrell President
Jas Brewster
Edward Smith
G H Van Wagner Health Officer
G H Howarth Secretary

Pres. O'Farrell called the meeting to order and requested the Health Officer to make his report as follows —
Dr. Van Wagner stated to the board that he had been notified by Dr. Haight of Fishkill Village - That a female servant in the employ of Seaman Haight who had recently come from Waterbury had a rash of imperfection state and general characteric symptoms of Small Pox and while he was not prepared to state positively it was Small Pox yet in his judgement knowing the history of the case as the wonman had admitted to him (that her next door neighbor in Waterbury had Small Pox) he considered it serious enough to call attention of the Board of Health to it, and recommend all necessary precautions for public health be taken.
The board accepted the report and authorized the Health Officer to use all necessary precautions to be taken. —
H. Baum was furnished with warrant for arrest hired man on place in case he should attempt to leave premises also hired by board to watch said premises under Health Officers orders
The Health Officer was authorized to incur any necessary expense for Public Health and protection. on motion adjourned

Minutes of the meeting of the Town Board of Health held in Town Clerk's Office June 10 1914. There not being a quorum present meeting adjourned until June 17 1914 when a full Board will be present. Dr L. W. Phinney submitted the following report.

On May the 28th I examined the body of Robert B. Phinney of Meyers Corners and issued permit for burial June 10. The Carcass of a dog was reported as offensive lying on the side of the road in Hughsonville. Hired Malachi Lewis to bury it and agreed to pay him $1.00.

No reports of any contagious or infectious diseases have been received since the last meeting. It is a time [illegible] I am now making a survey.

There being no further business meeting [illegible]

Fred B. Sanders

Minutes of the meeting of Town Board of Health held in Town Clerks Office July 6/1914. a full Board being present. Health Officer, Dr. L. N. Shinney submitted the following report. July - two cases pneumonia - July 15 - carcass of dead dog ordered buried by M. Lewis - July 18 - Received complaint through Health Board from Mr Pearce, via Hamburg of pollution of spring on property of Mr Ella Barlow & settled satisfactorily. August 2nd - one case of typoid fever reported - August 15 Ordered Mr Taffin of Hughsonville to bury dog. The past two months have been a general health time of year, and the town has no prevailing diseases at present. I am trying to enforce vaccination law. I have vaccinated fifty three children today in Chelsea. I have served notices in the other districts, but have heard nothing from them. I have received notices from both the State Board and the State Board of Vaccination to enforce the Vaccination Law in schools. I am progressing pretty well in my sanitary survey of the town.

Respectfully submitted
Lorenzo L. Shinney
Health Officer

There being no further business meeting adjourned.

A. B. Sanders
Registrar

Minutes of meeting of the Town Board of Health held in the Town Clerk's Office Oct 16 1914 full board being present Helth Officer Dr. L. A. Phinney submitted the following report.

There has been no communicable diseases reported since our last meeting. I have been spending my time largely in inforcing the law governing the vaccination of school children, in Chelsea all the pupils in the school has been vaccinated and have had their physical examination, In New Hackensack, Hughsonville & Dist. No. 1. all pupils have been vaccinated, At Myers Corner one woman has refused to vaccinate her child but I have that [illegible] consideration now. In the main there has been no trouble whatever with vaccination when the found that the law would be enforced.

I have also been busy with sanitary work which is nearly completed. I find the health of the Town excellent. We now have a new law to consider regulating the sale of milk.

Respectfully submitted
Dr. L. A. Phinney

There being no further meeting adjourned

There being no further business meeting adjourned

F. B. Sanders
Regr

Minutes of meeting of the Town Board of Health held in the Town Clerk office March 26th, 1915. Full board being present with the exception of Health officer Mr. L. N. Phinney who sent the following report

Gentlemen

I regret that I cannot be with you to-night on account of a mild attack of grippe. But I have the following to report:

Five cases of communicable diseases have been reported since our last meeting. 4 Chicken pox and 1 Mumps.

One nuisance complaint has been made. John Scofield has been drawing refuse from Privy Vaults and dumping it on the fields near the highway so as to be offensive to the neighboring houses. I ordered the nuisance abated under penalty. If it is not abated I shall report to you, and would write your attention to Reg I. paragraph 3. Abatement of nuisances which went into effect recently March 1st 1915. I would like to call your attention to the Mills Bill which will soon come before the State Legislature and would abolish all Town Health officers. It seem to me very unwise procedure and that the Towns will be far better served by there own officers than by a County Officer. I would ask your consideration of an influence against this bill.

Respt submitted
L. N. Phinney
Health Officer.

It was repeated that the registrar inform

Assembleman James C. Allen, that the Town Board of Health of Town of Wappingers would like him to oppose the Mills Bill, known as No 1207.

Their being no further business the meeting adjourned.

Fred. B. Landers
Registrar

Minutes of the meeting of the Town Board of Health of the Town of Wappingers held in Town Clerks Office May 8, 1915. The object of the meeting was to appoint a Health Officer to fill the unexpired term of the late Dr. L. N. Shinney. Dr. R. H. Breed was appointed on the third ballot.

It was also recommended that the Health Officer make a thorough and rigid investigation of the Plague or Epidemic that is now said to be prevalent; that he enforces all health regulations with particular attention to practising physicians reporting all contagious cases promptly and that as soon as such cases come to the notice of the Health Officer that he make a careful and searching examination of the water and milk supply of the afflicted family.

There being no further business meeting adjourned.

Fred. B. Landers
Registrar

Minutes of the meeting of the Town Board of Health held in Town Clerks office Jan 5, 1915.
Full Board being present, also Dr R H Bruce Health Officer who submitted the following report.

On becoming Health Officer I found there were seven families under quarantine, four families have since been added to the list. Quarantine has been raised in seven of these cases. There has been one death reported and the rest of the patients are all convalescing.

By my suggestion, the Hughsonville School has been thoroughly cleaned and fumigated. The Trustees of the school situated on the road between Wappingers Falls and Pickhill has been requested to do the same. The school at Chelsea has been visited and can find the report of only one child who had a severe cough and has been diagnosed Whooping Cough. The child is being treated in her own home so there is no danger of infecting the other school children.

Crowley dairy has been visited and he was ordered to stop bottling his milk and use dipped milk instead, as we felt that it was possible by not having his bottles sterilized he was carrying infection from house to house. In as much most of this entire epidemic has been directly traced to this dairy, I informed him if cases continued to crop out which could be directly traceable to his milk supply we would have to close his milk route. My opinion in this matter is backed up by Dr North of N.Y. the investigator of the State Department of Health as none of us feel that Mr Crowley has lived up to our requirements of quarantine which has resulted in this frightful epidemic.

Mrs Phinney has complained of John Scofield of the odor resulting from the

emptying of privy vaults on his grounds and says Mrs May complains to her of the odor which is noticeable on her porch. There has got to be some place to dump this refuse.

Hoping by the time and another year rolls by our sewerage system will be on of John's strong competitors.

I have examined sick childrens in New Hackensack & Hughsonville and have not found any cases of contagious disease. We have ordered formaldehyde candles, Alcohol and Ichtyol at the request of the physician in the Denny case to be used in cleaning and fumigating.

There being no further business meeting adjourned.

Fred B. Sanders
Registrar

Minutes of the meeting of the Town Board of Health held in Town Clerk's Aug 5-1915. Full Board being present, also Health Officer Dr R. H. Breed who submitted the following report. Quarantine raised in five cases of Scarlet Fever during the month of June. Two deaths from Scarlet Fever. Two case were quarantined during June. Quarantine was raised in two cases of Scarlet Fever in July.

Complaint July 26th. Horse lying in front of G. Hasbrook's House. Horse was removed before investigation.

There being no further business meeting adjourned.

Minutes of meeting of the Town Board of Health held in the Town Clerk's office Sept. 15 - 1915 full board being present, also health officer Dr. R. H. Breed who gave a very interesting talk on the general health of the Town and Sanitary Conditions thereof.
Dr. Winslow's bill for acting health officer from April 15th to May 15th 1915. 26 days @ 5.00 per day amounting to $130.00 was presented, amount allowed by Town Board of health on above bill $65.00
Peter Owens was allowed $2.00 for burying dog.
There being no further business meeting adjourned
Fred B Sanders. Register

Minutes of meeting of the Town Board of Health held in the Town Clerks Office Oct 1915 full board being present. also health officer Dr. R. H. Breed who submitted the following report. one case of infectious disease was reported by a member of the board which turned out to be diptheria. This case was quarantined. The report made by the attending Physician had been missent. The Trustees of the Chelsea School where this child attended were advised to burn the books and give the school a thorough cleaning. One house was quarentined in which there were three cases of scarlet fever two of which died and were promptly buried. the third making an uneventual recovery.
The dairy of Fred Prentz residing at Chelsea was inspected and scored according to the State Department of Health. A number of changes were made which Mr Prentz agreed to make as this would meet acquirements of the department. He was allowed to sell milk. the three remaining school houses of the Town of Rippingers were inspected. It was suggested to the Hughsonville School that paper towels be used which are more sanitary

than the ordinary bowels. It was also suggested that lime be put in the toilets.
All the houses of children residing in the Town of Wappingers and going to the New Hamburgh School were visited and the children examined to see if there were any suspicious cases of scarlet fever. None however were found. The parents were warned to call the attention of the Health Officer to any sickness of a suspicious nature
There being no further business the meeting adjourned
Fred. B. Sanders

Minutes of the Town board of Health, in Town of Wapp. held in the Town Clerks Office Dec 8th 1915 - full board being present. Also Health Officer Dr. R. H. Breed who submitted the following report for the month of November
One diphtheria quarantine was raised at Atkins two scarlet fever cases were quarantined one at Hustis in Hughsonville. The other at Knapps, Hughsonville who is in the milk business. Mr Knapp was informed to take his milk bottles and other paraphenalia to another place in order to continue his route. He was afterward visited by Dr Winslow any myself and found he had done as he was informed.
With Dr Meader superintendent of Health Officers of Albany. I visited cases of scarlet fever to trace the means of infection so as to be able to prevent further cases. Children attending Hughsonville School that were sent home sick were visited but no new cases were discovered. All cases under quarantine are progressing and we hope it will soon be at an end.
There being no further business the meeting adjourned

Suggested Preamble and Resolutions for the adoption of the Uniform Health Regulations recommended by the State Commissioner of Health.

.....

Town of Wappingers N. Y. Jan 8th 1918.

WHEREAS: This Board is advised the accompanying health regulations have been adopted by over 400 municipalities of this state and found in accord with modern science and entirely workable, and

WHEREAS: The State Commissioner of Health has recommended the adoption of these regulations by this Board of Health that the health regulations of this municipality may be as nearly uniform with those of others of the state as possible, therefore be it

RESOLVED: That the accompanying health regulations be and hereby are adopted by this Board of Health as the health regulations of this municipality, and be it further

RESOLVED: That all other health regulations now in force that conflict with or are inconsistent with the provisions of these regulations be and hereby are repealed, and be it further

RESOLVED: That the Clerk of this Board of Health be and hereby is directed to publish these health regulations in accordance with Sec. 21 of the public health law by posting one copy in his office and one copy in the office of the health officer for two weeks, and be it further

RESOLVED: That the Clerk of this Board be and hereby is directed to secure sufficient copies of these regulations of the State Printer, Albany, N.Y. at a cost of not to exceed $1.85 for 50 or $3.00 per hundred and distribute one copy to each member of this board, each physician, nurse, clergyman and school teacher of this municipality and hold the remainder for distribution as needed, and be it further

RESOLVED: That the Clerk of this Board be and hereby is directed to notify the State Commissioner of Health of the adoption of these regulations.

.....

Town of Wappingers N. Y. Jan 8th 1918

State Commissioner of Health,
Albany, N. Y.
